

ORGANIZED WORK IN BIBLE CLASSES

Secretary Lawrence Urges Union of Effort to Sunday-School Conferences.

OFFICERS ARE ELECTED

Dr. Cadman to Deliver Final Address at High School To-Night.

Much interest centres around the address to be made in the auditorium of the John Marshall High School to-night by Rev. S. Parkes Cadman, D. D., of Brooklyn, which will be the first of the annual meeting of the twenty-ninth annual convention of the Virginia State Sunday School Association. Dr. Cadman is pastor of one of the largest Congregational churches in New York, and is considered one of the foremost pulpits orators in this country. It is expected that the seating capacity of the High School auditorium will be taxed to its utmost by delegates to the meeting and friends of the movement.

The third session of the convention last night took place in the High School. One of the features was the presentation by the president, W. F. Robertson, of a banner to the Social and Progressive Bible Class of McKendree Methodist Church, of Norfolk, as a reward for having the most efficient organization in the State. The prize was received by Walter Hill, teacher of the banner class.

Marion Lawrence, general secretary of the International Sunday School Association, addressed the meeting last night. Organization in Bible classes was his subject, and he laid stress upon the fact that it is the keynote of all successful work. He referred to the organized work of the churches and schools throughout the entire world, outlining how the desired end was attained through the means of united effort. He described the power of organization as the difference between an army and a mob. "An organized Sunday school," Mr. Lawrence said, "is the best expression of religious endeavor. The Sunday school itself is the best organized arm of church work."

Devotional exercises were conducted last night by Rev. H. D. C. MacLachlan, D. D., pastor of the Seventh Street Christian Church, while music was under the direction of W. C. Mercer.

At its session yesterday morning in the church the association elected the following officers:

Vice-presidents—Rev. A. L. Phillips, D. D., Richmond; the Rev. J. T. Watts, Richmond.

ARIZONA JUDGES ARE NOT PERFECT

Member of Territorial Convention Says People Will Insist on Recall Provision.

No halos hover about the heads of judges of courts in Arizona, according to Rev. James E. Crutchfield, a member of the recent Constitutional Convention of the Territory, who is in Richmond to attend the meeting of the Methodist Board of Church Extension. The provision which would allow the people, by election, to remove judges from office has been severely criticized all over the country. It was the cause of the disapproval of the constitution by President Taft and of Senator Bailey's outbreak and resignation at the close of the last session of Congress. Further, it is the general opinion that this provision has postponed the admission of Arizona to statehood for a year.

"Do you approve of the recall of judges?" asked a reporter for The Times-Dispatch of Mr. Crutchfield.

"Would the people of Virginia have approved of the recall of the carpetbag judges of the Reconstruction period?" replied the minister and statesman from Arizona. "Every judge, as well as all our State officers, in Arizona have been Federal appointees, and we have not been able to place a halo about the heads of judges. The recall is another form of short term provision for self-government. It is a suggestion to some court of impeachment for every officer, and we know of no tribunal so proper as the people. The people of Arizona believe in these principles, and no man understands their temper who supposes that they would sacrifice them in order to gain admission to the Union."

Held Chairmanships.

Mr. Crutchfield, while a member of the convention which last autumn framed the Constitution which is now before Congress, was chairman of the Committee on Preambles and Bill of Rights. He was also a member of the Committee on the Judiciary and of the Committee on Ordinance.

Asked as to other features of the Constitution, Mr. Crutchfield said: "The most distinctive feature of our fundamental law is the provision it makes for self-government. By the referendum, 5 per cent. of the electors have the right to demand that any law passed by the Legislature shall be submitted to a popular vote before it shall become effective. This will absolutely put an end to bribery of legislators for no corruptionist would pay out his money to legislators when they could not determine absolutely the passage of a law. By the initiative, any citizen can introduce a law and have it voted on at the next election. If he can secure the signatures of 10 per cent. of the electors in favor of the measure, he can demand a referendum. By the recall, 25 per cent. of the electors may demand a re-election of any man who is deemed to have flagrantly violated his oath of office or betrayed his constituents. We do not anticipate that this will be used to any great extent, but we consider it a power rightly reserved to the people."

Will Probably Return.

In spite of occasional intimations in the press that he would probably not seek re-election, it is understood among the friends of Dr. T. M. Dunn, a candidate for the House of Delegates, that he will return to the State. Dr. Dunn has a record for years of service in the Legislature which is equalled by few men in the history of the State. He has always taken great interest in educational matters and in pensions for Confederate veterans and widows.

REPORT OF SALE DENIED

Tenela's Shyresper Still in Hands of Corporation Which Pretext It.

A. Bierce Blair, president of the corporation which Blair, president of the corporation building on Main Street just below the National Bank, said yesterday that there was absolutely no foundation for the persistent rumor that the structure had been sold to Philadelphia interests. The building, which is still in the hands of the party which erected it, and there have been negotiations pending. He added that it was expected that it would be opened on July 1, and that the building would be occupied by the Western Union Telegraph Company.

OUT AGAIN, IN AGAIN

Police to Take Holly When He Quits Norfolk Prison To-Morrow.

Augustus Holly, whose term in the Norfolk jail, expires to-morrow afternoon, will be met at the door of the prison by Detective-Sergeant Keenan, of the local force, who will bring him to Richmond, where he is to answer to the charge of passing two bogus checks to the amount of \$20 each on Mrs. Albert G. Moss, 619 North Tenth Street, with whom he boarded while here.

Mrs. Moss's complaint was made to the police some time ago, when Holly left the city. It is alleged, without paying his board bill, that there are others who received bad checks. Some of them have received at least a part of their money and refuse to prosecute, while others have not yet been communicated with.

Holly represented himself to be a traveling man and a little trouble in getting away with his checks, some of which he is said to have passed upon the largest firms in the city.

BOOK COMPANIES PRESENT ANSWER

Hearings on Payment of License Tax Are Postponed to June 8.

NEW RAILROAD CHARTERED

Chesapeake and Ohio to Build Into Buchanan County to Grundy.

By agreement between counsel, the cases against the book publishing corporations, charged with doing business in Virginia without having obtained a certificate of authority, were yesterday postponed until June 8. Answers were, however, filed on behalf of each of the concerns by their attorney, Major William A. Anderson.

Postponement of the hearing was had, and agreed to by the State Corporation Commission, for the purpose of avoiding expense and of shortening the proceedings when they come to trial. It will be the purpose of the attorneys to secure an agreed statement of facts, so that it will not be necessary to produce evidence at the hearing, leaving the way clear for argument on the question of law which is involved.

The rules against the defendants were issued by the Commonwealth of Virginia at the relation of the Corporation Commission, for the purpose of avoiding expense and of shortening the proceedings when they come to trial. It will be the purpose of the attorneys to secure an agreed statement of facts, so that it will not be necessary to produce evidence at the hearing, leaving the way clear for argument on the question of law which is involved.

NEW C. & O. ROAD

System Will Build Through Breaks of Big Sandy Into Virginia.

The Chesapeake and Ohio Railway is about to enter Virginia from another angle. Its officers were yesterday granted a charter by the State Corporation Commission to build a road from the Kentucky line to Grundy, the county seat of Buchanan county, a distance of fourteen miles. The concern is known as the Levisa River Railroad Company. Its officers are Decatur Axell, president; E. M. Givens, vice-president; A. T. Trevett, secretary; M. T. Spicer, assistant secretary; L. F. Sullivan, comptroller.

The capital stock is \$50,000.

Already there is a line of the Chesapeake and Ohio down the Big Sandy River to Elkhardt City, Ky., within a few miles of the Virginia line. The proposition has been for years that it would eventually connect on the border with the Carolina, Clinchfield and Ohio, the Thomas F. Ryan road, which is to be built through Dickenson county. It is presumed that now, without letting for the other road, the Chesapeake and Ohio will build through the breaks of the Big Sandy and reach the Levisa fork at Grundy, touching valuable mineral deposits. The junction with the Ryan road could still come later.

BUILDING PERMITS

Richmond and Henrico Companies to Erect Street Car Barns.

Building and permit permits were issued yesterday as follows:

S. J. Rhodes, to erect a detached two-story frame dwelling on the north side of Cary Street, between Cranshaw Avenue and the new corporation line, to cost \$2,700.

Richmond and Henrico Railway Company, to erect an addition to brick street car barn, on north side of the Government Road, between Gillie's Creek and Thirty-sixth Street, to cost \$5,000.

Pat McDonough and Mary A. McDonough, to erect a two-story brick dwelling on the south side of Hanover Avenue, between Mulberry Street and the Boulevard, to cost \$7,000.

Pat McDonough and Mary A. McDonough, to erect a brick dwelling on the same block as above, to cost \$5,000.

Dr. St. George Grinnam, to erect a bath room in rear of 201 West Grand Street, to cost \$150.

John H. Braxton, to repair a two-story frame dwelling, 913 North Thirty-first Street, to cost \$1,000.

L. R. Brown, to repair a two-story frame dwelling, 711 Stockton Street, to cost \$1,100.

William Lowry, to repair a two-story frame tenement, 1501-1506 Everett Street, to cost \$150.

RABBIT DOG KILLED.

Chased for Several Blocks by Officers in Harrisonburg.

(Special to The Times-Dispatch.)

Harrisonburg, Va., April 26.—A supposed mad dog, long on the rampage on Main Street has given Harrisonburg excitement enough for one day. Starting at the post-office corner, the rabid animal snapped and bit at everything in sight. Policeman Dovel and a constable in a buggy gave the beast chase for several blocks, trying in vain at the dog, while the crowd scurried in all directions.

The dog was chased almost out to the State Normal School, when it was hemmed in a front yard and killed the trouble-maker.

Several other dogs belonging to well-known citizens were bitten and snapped at by the wild animal. One or two of the dogs were pets, but the owners took no chances. Two of the pets were shot, two others chloroformed and several others have been tied and are being watched.

Supreme Court Opinions.

Decisions Handed Down by North Carolina Tribunal.

(Special to The Times-Dispatch.)

Raleigh, N. C., April 26.—The Supreme Court affirms the lower court in Corporation Commission vs. Morrison, from Iredell county, involving the right of a corporation to deduct from tax assessment of capital stock, holdings of the corporation in stock of another corporation that pays its taxes. The Corporation Commission ruled that this could not be done and the Supreme Court affirms this ruling. The opinion was written by Justice Brown. The company involved had \$50,000 taxable capital and held \$11,000 stock in another corporation, and insisted that this should be deducted, leaving \$39,000 for taxes to be paid on. The commission and the Supreme Court hold that this cannot be done. This finally settles a noted question of much interest.
